What is this swill
you call that wine
I've had better stuff
come out of the
Bottom of a vodka

THE GAME ENDS WHEN: In a Basic Game, the winner is the player with the most Popularity at the end of round 4. In an Advanced Game, the winner is the same, *but* players lose Popularity at the end of round 4 for each Impairment they have. (You can buy off the Impairments first, if you have enough Passion.) In case of a tie, players vote on the winner.
