Drink! Drink to forget,  
old chap! We'll never see  
our charmingly inept  
lower-class friend again!

The Zanj say anyone  
touched by the tentacles  
dies a HORRENDOUS  
DEATH of ETERNAL  
PAIN! Best to continue  
this hunting  
expedition  
elsewhere!

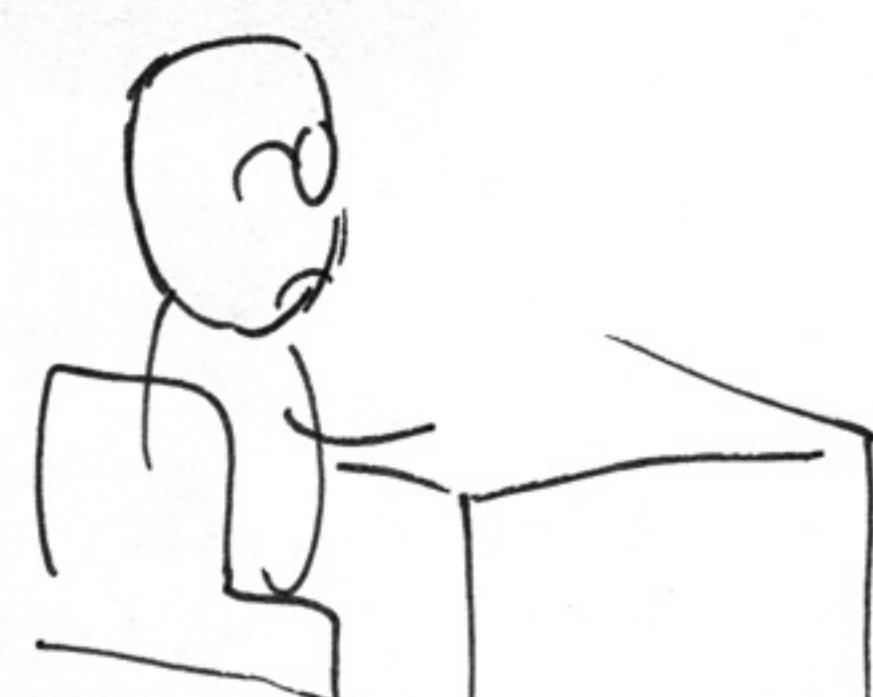

...and so, we  
will drop this  
bomb in the ocean,  
obliterating these  
tentacle  
beings.

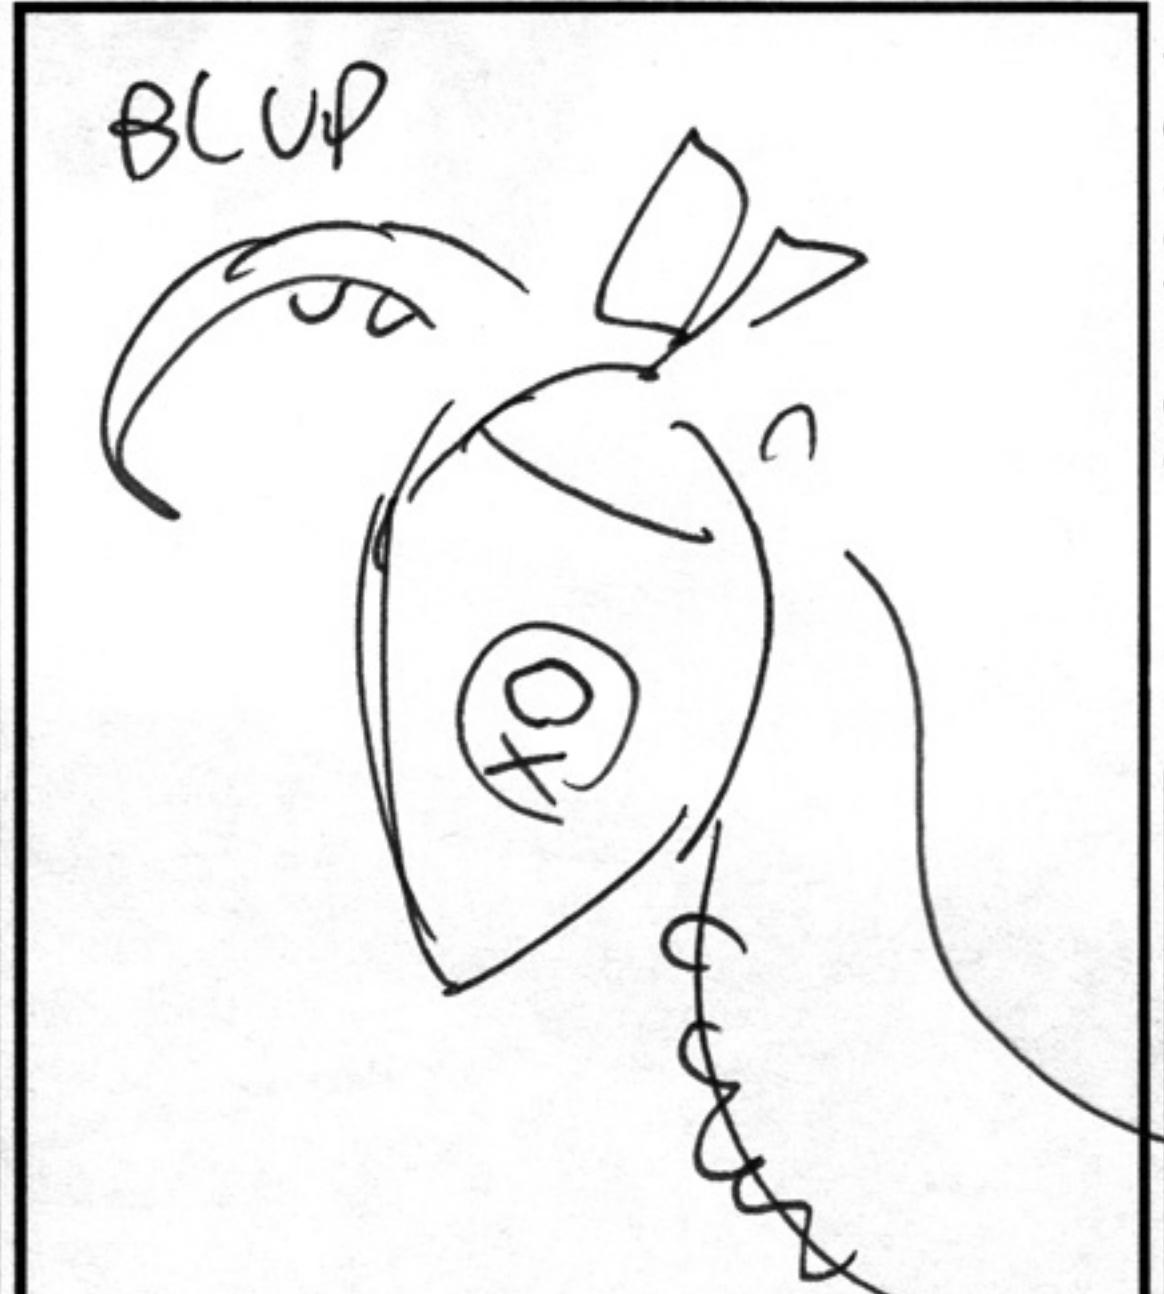

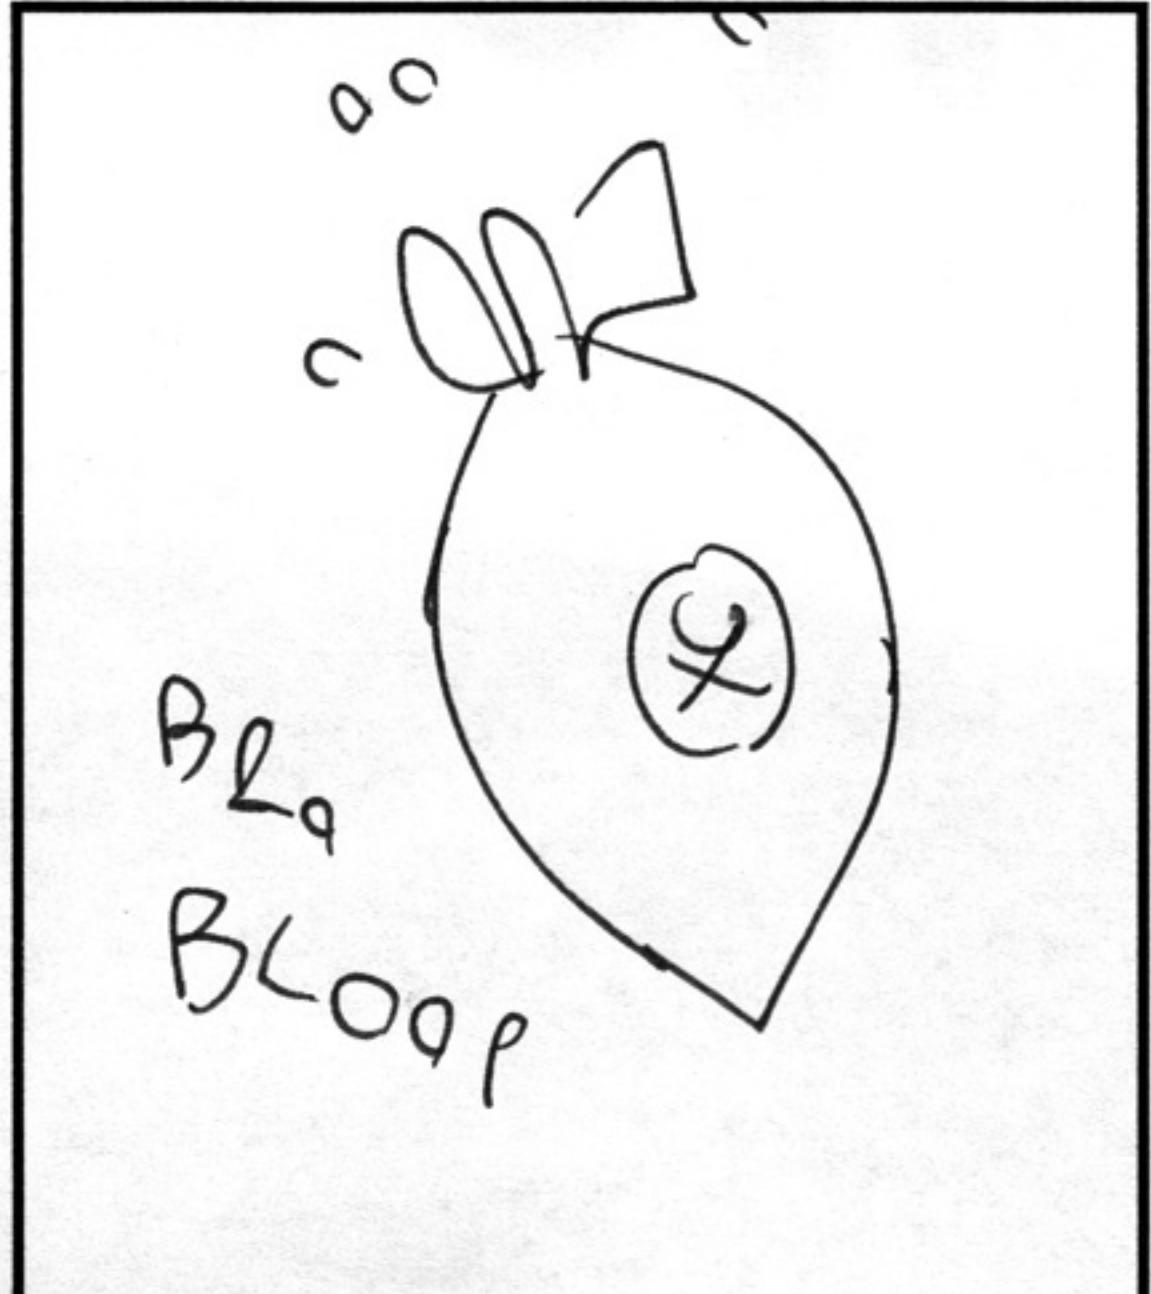

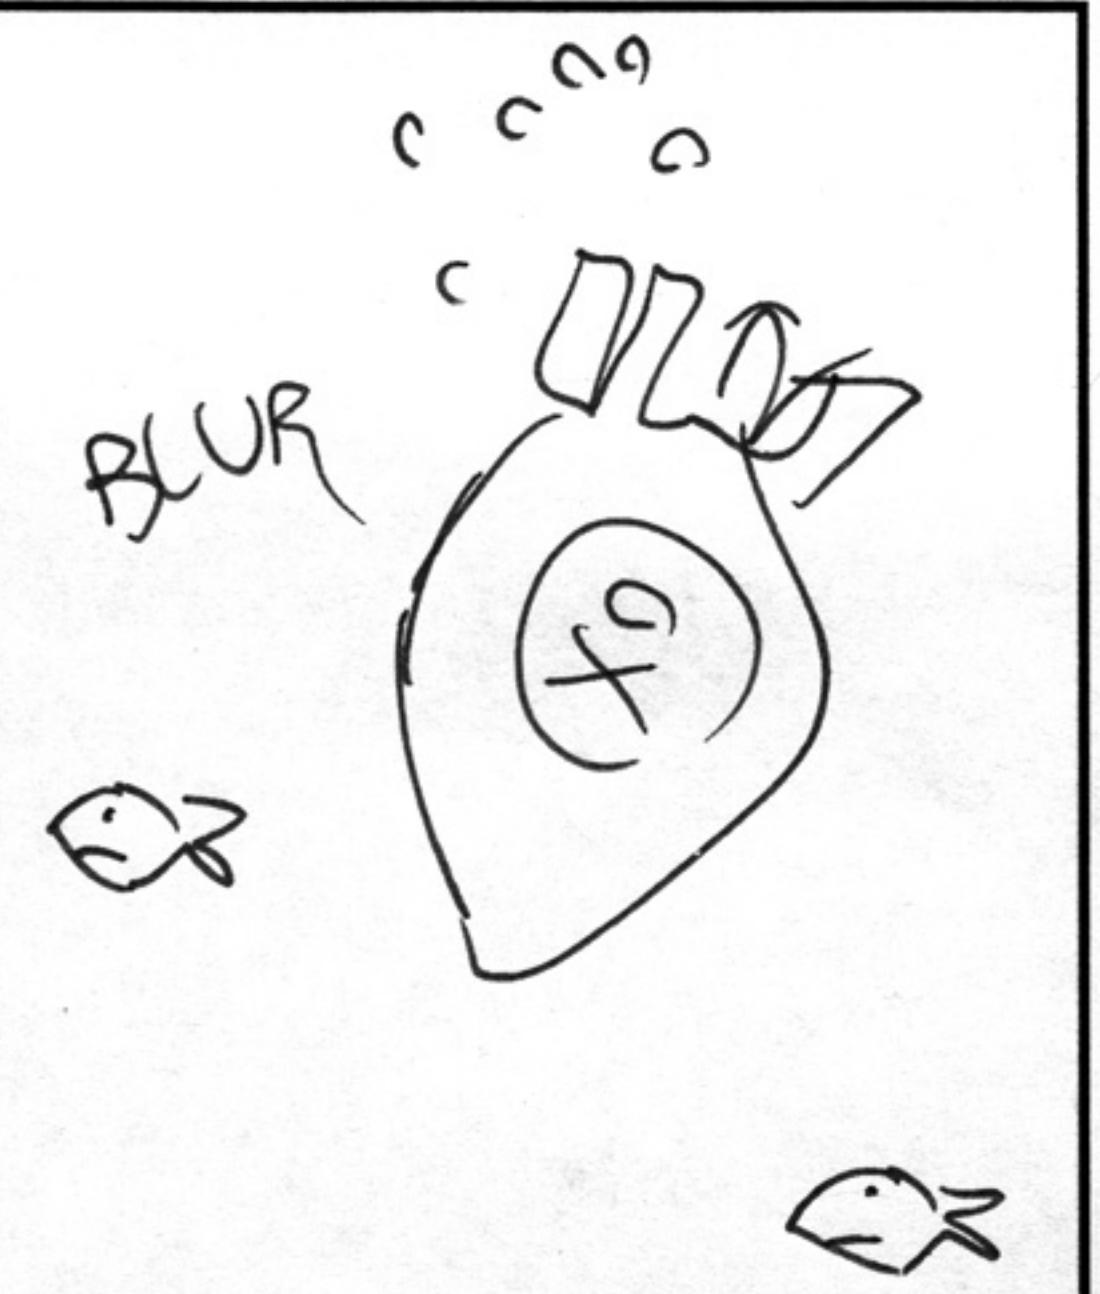

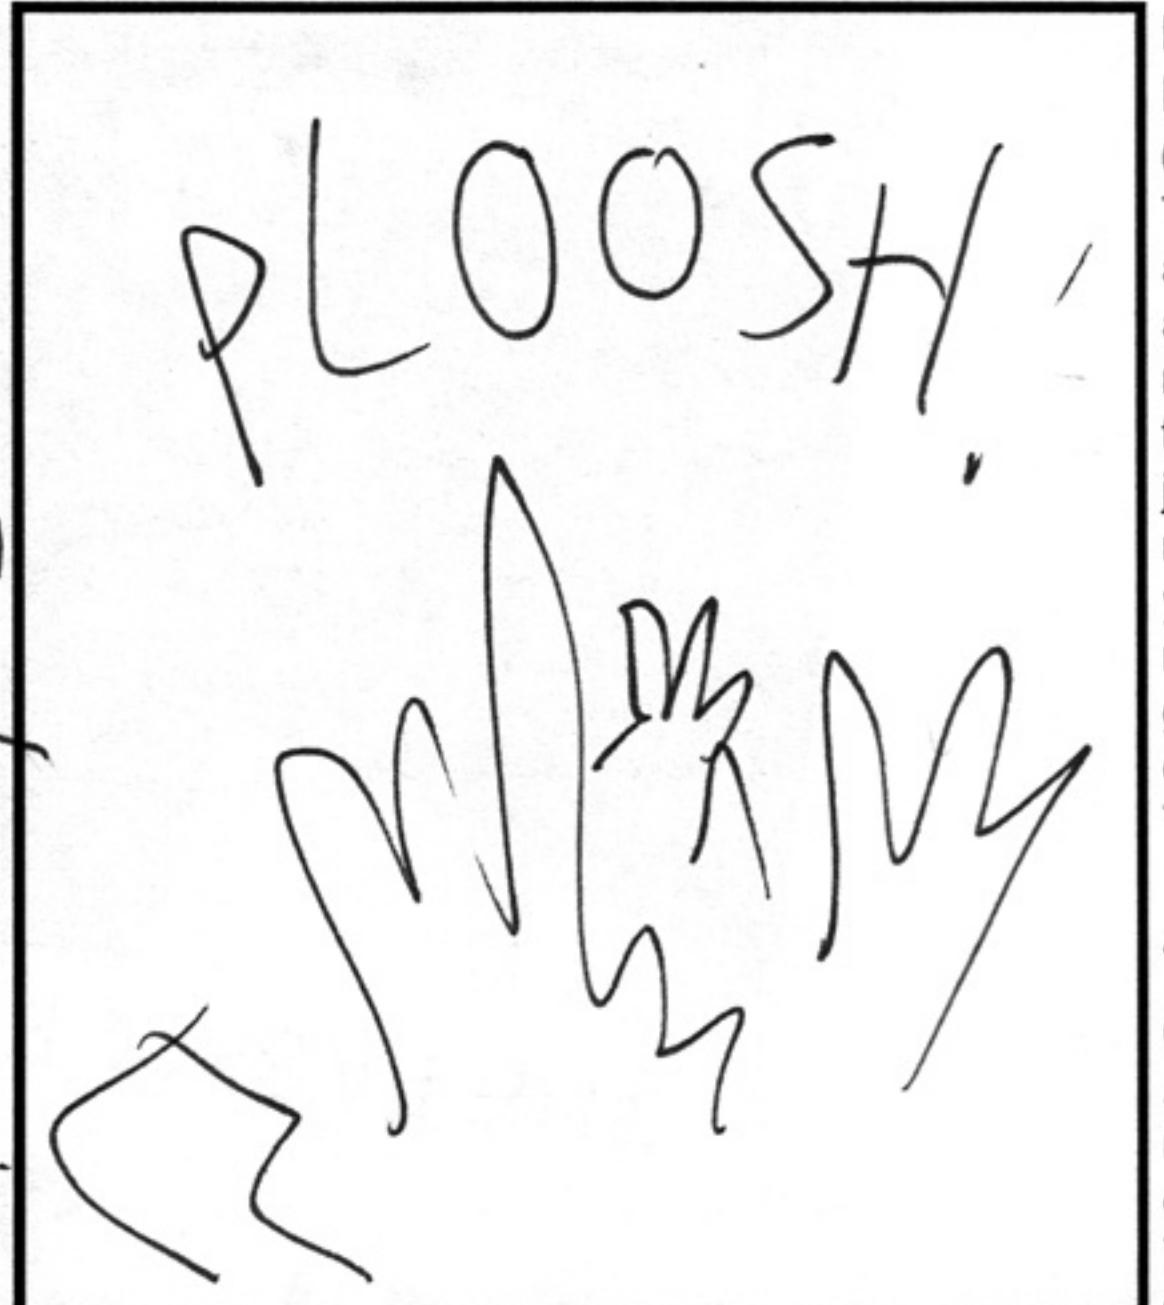

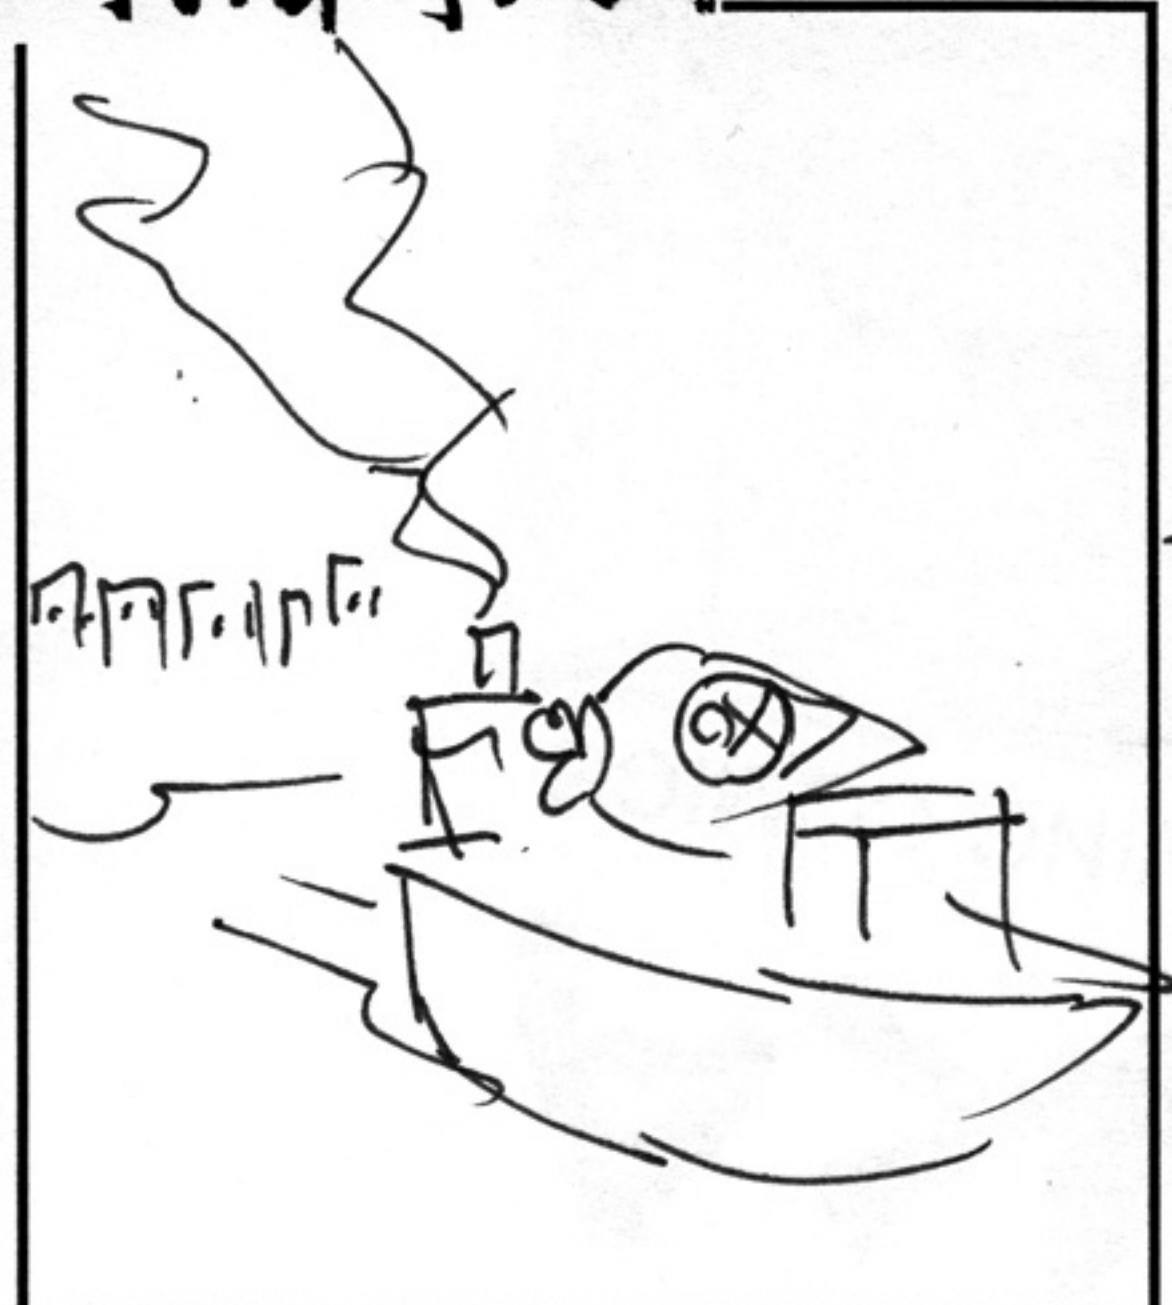

MANGA KKA TITLE: The Oblivion from the Depths BY (PEN NAME) Vaughn Whipple

...So we mustn't drop the bomb on these  
torture things, or we might all die  
horrid deaths by torture! That's  
what I learned on safari....!

Dr. Whitby! You're clearly trying to  
regain the relevance you had in your  
youth! Your scientific mind is damaged!

NO, DOCTOR!!  
I wish I could forget  
what I know &  
ever find merciful  
oblivion! YOU MUST  
NOT DO IT!!
